MATTERS RAISED WITH PERMISSION

Need to Share the Information/Documents procured from the United Nations in connection with the enquiry Instituted by the Government on the findings of Volcker Committee Report

THE LEADER OF THE OPPOSITION (SHRI JASWANT SINGH): Mr. Chairman, Sir, I am thankful to you to provide me with an opportunity to make a submission to you and an appeal to the Government. As per the business that is known to us, tomorrow, we are slated to have a

discussion on the Fifth Report of Mr. Paul Volcker that was submitted to the United Nations Secretary General only a few days back. And, the submission that I wish to make, Sir, is that we were thereafter informed that the Government had deputed one Mr. Dayal to proceed to the United Nations and to obtain some such documents as, in Mr. Dayal's discretion or under the Government's direction, were relevant to the whole Report. And, whatever my views, whether Mr. Dayal was a necessary functionary to be appointed when there is a perfectly capable permanent representative or not, is a different matter altogether. I wish to make just two submissions. One is that it is actually tragic, Sir, that the Volcker Report—the five documents of it-is merely an investigation into the malfunctioning of the United Nations proper, in the whole programme that the United Nations had instituted in the first Gulf War. Unfortunately, here the debate has got focused only on certain aspects of it. The Fifth Report of it has indicated, specified, certain institutions, certain personalities, and the Government has initiated certain actions in consequence of which Mr. Dayal was sent. And, the debate is listed on Mr. Paul Volcker's Fifth Report, the final Report and specific aspects of it. The documents have been obtained by Mr. Dayal, as he has reported to have informed newspaper personnel in New York. I would make this appeal to you, Sir, and to the Government. To make the debate more pointed, more purposeful, so that this whole thing is put behind us as early as possible, so that India's prestige is maintained, why does not the Government share with us all the documents that have been got by Mr. Dayal? The debate then becomes focused and pointed. That is my appeal through you to the Government, Sir.
